○─ Commits on May 19, 2022

Final commit
gayoooon1 committed 3 minutes ago

Print the results and revise the annotations
gayoooon1 committed 4 minutes ago

Execute all cells
gayoooon1 committed 24 minutes ago

Change the learning rate of data2
gayoooon1 committed 40 minutes ago

Redefine the feature function of data2
gayoooon1 committed 1 hour ago

○─ Commits on May 18, 2022

See the results
gayoooon1 committed 20 hours ago

Initialize and run the algorithm
gayoooon1 committed 21 hours ago

Redefine the feature func of data2
gayoooon1 committed 21 hours ago

Initialize and run the algorithm
gayoooon1 committed 21 hours ago

Redefine the feature function of data2
gayoooon1 committed 21 hours ago

Initialize and run the algorithm
gayoooon1 committed 21 hours ago

Redefine the feature function of data2
gayoooon1 committed 21 hours ago

Change the num iteration of data2
gayoooon1 committed 21 hours ago

Initialize and run the algorithm

gayoooon1 committed 21 hours ago

Redefine the feature function of data2

gayoooon1 committed 21 hours ago

See the results

gayoooon1 committed 21 hours ago

Initialize and run the algorithm

gayoooon1 committed 21 hours ago

Redefine the feature function of data2

gayoooon1 committed 21 hours ago

Change the data1 learning rate & run the algorithm

gayoooon1 committed 22 hours ago

Plot the values of data2

gayoooon1 committed 23 hours ago

Change the learning rate of data2

gayoooon1 committed yesterday

Redefine the feature func and run the algorithm

gayoooon1 committed yesterday

Redefine the feature function of data2

gayoooon1 committed yesterday

-o- Commits on May 17, 2022

Run the algorithm

gayoooon1 committed 2 days ago

Redefine the feature function

gayoooon1 committed 2 days ago

Plot the loss & accuracy

gayoooon1 committed 2 days ago

Initialize and run the gradient descent algorithm of data2

gayoooon1 committed 2 days ago

Define the feature function of data2

gayoooon1 committed 2 days ago

Plot the regression values of data1

gayoooon1 committed 2 days ago

Redefine the feature function and run the algorithm

gayoooon1 committed 2 days ago

Change num iteration and run the algorithm

gayoooon1 committed 2 days ago

Update the learning rate and run the algorithm

gayoooon1 committed 2 days ago

Run the gradient descent

gayoooon1 committed 2 days ago

Change num feature

gayoooon1 committed 2 days ago

Redefine the feature function of data1

gayoooon1 committed 2 days ago
